FISCAL IMPACT STATEMENT

LS 6790

BILL NUMBER: HB 1153

DATE PREPARED: Dec 17, 1998

BILL AMENDED:

SUBJECT: Alcohol and drug abuse counselors.

FISCAL ANALYST: Bernadette Bartlett

PHONE NUMBER: 232-9586

FUNDS AFFECTED: X GENERAL
X DEDICATED
FEDERAL

IMPACT: State & Local

Summary of Legislation: This bill creates the Alcohol and Drug Abuse Counselor Section of the Social Worker, Marriage and Family Therapist, Mental Health Counselor, and Alcohol and Drug Abuse Counselor Board. The bill sets qualifications for a licensed clinical alcohol and drug abuse counselor, including a master's degree, passing nationally standardized examinations, and experience in alcohol and drug abuse counseling. The bill also sets qualifications for a licensed alcohol and drug abuse counselor, including a bachelor's degree, passing nationally standardized examinations, and experience in alcohol and drug abuse counseling. The bill sets qualifications for a licensed alcohol and drug abuse counselor in training, including an associate's degree, passing nationally standardized examinations, and experience in alcohol and drug abuse counseling.

Prohibitions on the unlicensed practice of alcohol and drug abuse counseling do not apply to physicians, nurses, psychologists, clergy members, volunteers for or employees of nonprofit organizations under certain circumstances; marriage and family therapists, social workers, mental health counselors, licensed alcohol and drug abuse counselors practicing under direct supervision; and licensed drug and alcohol abuse counselors in training practicing under direct supervision.

This bill makes the unlicensed practice of alcohol and drug abuse counseling a Class A misdemeanor. Alcohol and drug abuse counselors are prohibited from practicing hypnosis and from counseling for the purpose of recovering a memory of child abuse. Conforming amendments are made.

Effective Date: July 1, 1999.

Explanation of State Expenditures: This bill creates an Alcohol and Drug Abuse Counselor Section of the Social Worker, Marriage and Family Therapist, Mental Health Counselor, and Alcohol and Drug Abuse Counselor Board. The Health Professions Bureau, which provides staff for the Board, will incur additional expenses as a result of the passage of this bill. Based on the experience of the Social Worker, Marriage and

Family Therapist, and Mental Health Counselor Section of the Board, the proposed Alcohol and Drug Abuse Counselor Section would need to meet monthly for the first year. Section members are eligible to receive travel and per diem reimbursement for certain expenses incurred. In addition, the Bureau will also incur additional expenses associated with postage, printing, telephone operations, and supplies for the new section. Estimates of these expenses are outlined below:

Estimated Administrative Expenses for the Proposed Alcohol and Drug Counselor Section of the Social Worker, Marriage and Family Therapist, Mental Health Counselor, and Alcohol and Drug Abuse Counselor Board	
Per Diem for Board Members	\$3,000
Travel	9,500
Postage	19,750
Printing	9,750
Telephone	1,500
Supplies	1,500
Total	\$45,000

The funds and resources required for the above could be supplied through a number of sources, including (1) existing resources not currently being used to capacity; (2) funds that otherwise would be reverted; or (3) new appropriations. Ultimately, the source of funds and resources required to satisfy the requirements of this bill will depend on legislative and/or administrative actions. There are no appropriations in the proposal.

Explanation of State Revenues: There are an estimated 1,200 to 1,500 individuals who may be interested in applying for certification or licensure as a drug and alcohol abuse counselor. If these individuals were assessed a \$30 application, issuance, or renewal fee, an estimated \$36,000 to \$45,000 would be generated every two years if licenses and certificates expired every two years. License and certification fees are deposited in the State General Fund.

If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund could increase. The maximum fine for a Class A misdemeanor is \$5,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, county or municipal court (courts of record), 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the State General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the State General Fund.

Explanation of Local Expenditures: A Class A misdemeanor is punishable by up to one year in jail. The average daily cost to incarcerate a prisoner in a county jail is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, the county general fund would receive 27% of the \$120 court fee assessed in a court of record. Cities and towns

maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. A \$3 fee would be assessed, and if collected, would be deposited into the county law enforcement continuing education fund. A \$2 jury fee is assessed, and if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.

State Agencies Affected: Health Professions Bureau

Local Agencies Affected: Trial courts, local law enforcement agencies.
